

Rote Productions is a new production company and music label based in New York that produces and releases copyright-free audio recordings, graphic works, video compositions, photography, and installations. As strong believers in openness and collaboration, in addition to releasing final works, Rote offers all of its source material for people to freely use.

Rote Production's first eight releases include: an EP from live electronics/noise group Kutsal Sümük; a video and accompanying photo book for the Kutsal Sümük track "Hanged Drawn & Quartered" by _; two art posters; a single from improvisational electronic group Rushes; an EP of rhythmic analog feedback by Sons of Sound Sense and Satisfaction; and all of the code from Rote's website, rote.cc.

About Rote Productions

Rote Productions produces and releases audio recordings, graphic works, video compositions, photography and installations. The company takes a strong stance against the idea of intellectual property and supports the modification, adaptation and distribution of its content in every form.
